

COVID COMMITMENT

In line with guidance from the Government and the Association of Event Organisers, we will be using a common-sense approach to ensure the safety of attendees, exhibitors, staff, and venue employees. We would therefore ask that all individuals be prepared to show proof of completion of a full course of vaccination two weeks prior to their arrival if requested.

OR

A lateral flow or PCR negative test result received within 72 hours prior to attending the event

OR

Proof of immunity shown by a PCR test result

We would ask all attending Fencecx 2021 NOT to attend if they answer YES to any of the following:

Feeling unwell, including a high temperature, new continuous cough and a loss of, or change to, your sense of smell or taste.

Currently required to isolate following a visit to an area or country where quarantine is required upon return

Have been told to isolate

Have anyone in your household suffering with COVID-19 symptoms.

Have been in close contact with anyone who has COVID-19 or anyone who has been showing symptoms

All attendees must agree to leave the exhibition premises immediately should they develop COVID-19 symptoms during the event.

We would ask that all attendees agree to be considerate to those around them at all times and be respectful of all safety measures at the show and the requests of organisers.
